### **SH 701 – Advanced Accident Investigation**

*This four-day course will teach participants advanced skills in conducting accident investigations that will aid in determining contributing factors that lead to the injury or fatality and how to develop a course of action to prevent future problems. Participants will also learn the importance of conducting a thorough investigation in a consistent manner that will, if necessary, stand up in court. Topics also include calculation of the costs, direct and indirect, associated with an accident. Coursework includes lecture, in-class workshops and case studies, and out-of-class work.*

*Note: This course satisfies part of the Accident Investigation Certificate requirements.*

**Prerequisite: Completion of the SH 601 – Intermediate Accident Investigation and Photography course**

**\*Because space is limited, it is recommended that students enroll as soon as possible to ensure a seat in the class. Full payment is required to enroll.**

**\$250 for Energy Training Council members  
\$695 for non-members**
